The World Council for the Advancement of Sahaja Yoga was appointed by me on 20th November 2003. More than six years have passed since then. In India, I have fixed a term of 3 (Three) years for all appointed and elected committees and changes are taking place regularly at the end of a tenure of 3 years. This gives the opportunity to a new team of Sahaja Yogis to work for the advancement of Sahaja Yoga. And new teams have worked enthusiastically. The principle of a fixed term of 3 to 5 years for Sahaja Committees and Councils is a good one and should be implemented throughout the Sahaja World.

It is in the preceding context that I hereby terminate the membership of all present members of the World Council for the Advancement of Sahaja Yoga, with immediate effect. They have already served for more than six years.

I intend to appoint new members from all parts of the world shortly.

Presently the world is in a very disturbed and chaotic state. The people need peaceful existence. What will effectively help them is the loving and caring message of SAHAJA YOGA. I request all National Sahaja Yoga Committees and all National Sahaja Yoga Leaders and Co-ordinators to help neighbouring countries by sending to them a team of Sahaja Yogis and Sahaja Yoginis to convey, in a loving manner, the Sahaja Yoga message of equal and pure love for all and a life conforming to the highest ethical values. Such missions have already been sent by some countries with very heartening results. Australia recently sent such a mission to Burma where there is a Military regime. The Australian Sahaja Team was, however, greatly welcomed and the tree of Sahaja Yoga was successfully planted. I am sure other Sahaja Yoga missions will be similarly successful.

The responsibility for spreading the Sahaja Yoga message of pure and equal love for all is vested firmly in National Sahaja Yoga Committees. Therefore, the function of the World Council is now transferred to the National Sahaja Yoga committees globally. The National Sahaja Yoga committees all over the world will now perform the same functions of Advancement of Sahaja Yoga and Sahaja Yogi members of these committees, during their tenure, will work toward the same goals as the erstwhile World Council. This system will be self perpetuating and determine the continuous global participation of Sahaja Yogis all over the World.

With my Love and Blessings
